---

Hi Bob,

I do not have a plat map which identifies the property owners at this time.

Thank You,  
Dani

Dani,

Yesterday Vincent told me that you already have names for all current owners of properties located in the area bounded by:

- \* West side of Cottonflat, and
- \* South side of Francis, and
- \* East side of W. Industrial Loop, and
- \* North side of I-20.

Are the names identified on a plat map that also identifies the properties owned by each person?

If you do have this information, can you scan it into a pdf file and send it to me?
